RE: 02-278

I strongly object to The Consumer Bankers Association (CBA) challenge to the Indiana's vTelephone Privacy law. I resent the invasion of my personal privacy by businesses who already bombard myself, my family, Evan my small children with enough advertisement in every aspect of our lives. I would appreciate some privacy and my telephone is certainly not an area where I want to receive any kind of solicitation. As it is, I will not give much air time to unwanted solicitors but I answer the phone thinking it could be someone who needs me. I absolutely resent it when my time is wasted or interrupted by some sales pitch of any kind.

Thank you
